

CUMMINGS, M. M.

THE ROCKEFELLER UNIVERSITY

1230 YORK AVENUE

NEW YORK, NY 10021

March 22, 1979

JOSHUA LEDERBERG

PRESIDENT

Dr. Martin M. Cummings  
Director  
National Library of Medicine  
Bethesda, Maryland 20014

Dear Dr. Cummings:

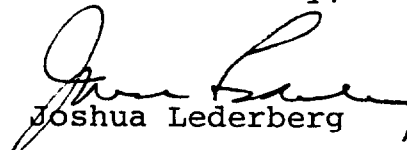

The Library needs of the Cornell University Medical College-New York Hospital, Memorial Sloan-Kettering Cancer Center and The Rockefeller University, neighboring institutions located on York Avenue and 68th Street, have been a matter of grave concern for a number of years. In an attempt to solve our problems in concert, we applied for a grant, which has been funded by The Commonwealth Fund, for a feasibility study for a tri-institutional consortium facility housing a library and an information and communications center.

Since the three institutions and the study itself are strongly oriented in the bio-medical sciences and committed to delivery of information to the medical profession, we think it only proper to inform you of our plans. I am enclosing a copy of our proposal to The Commonwealth Fund outlining the basic subjects for analysis and the likely schedule for the study.

If you would like to have any additional information or have any questions, Mr. Rodney W. Nichols, Executive Vice President, and Mrs. Sonya Wohl Mirsky, Librarian, will be glad to make their files available to you.

We would welcome an opportunity to keep you or your designate informed of the progress of our ideas. Indeed if there is a convenient opportunity for you to visit us and share your own perspectives, we would certainly welcome that.

Yours sincerely,

  
Joshua Lederberg

bcc: Mrs. Sonya W. Mirsky  
Mr. Rodney W. Nichols
